## 14. Findings:

- a. This permit is consistent with standards adopted by the California Integrated Waste Management Board (CIWMB).
- b. The design and operation of the facility is in compliance with the Waste Tire Storage and Disposal Standards applicable to waste tire facilities.
- c. This facility has complied with Public Resources Code Sections 21000 et. seq. and California Code of Regulations Sections 15000 et. seq. The City of Sacramento prepared a draft and final environmental impact report for the Oak Park/Florin Enterprise Zone. In 1992 a negative declaration was prepared and adopted for the Sacramento Recycling Market Development Zone in which the tire facility is situated. Impacts and mitigations were fully analyzed in the scope of the program EIR prepared for the Enterprise Zone. The environmental documentation are appropriate for the Board's consideration.

## 16. Conditions: (continued)

4. A copy of the current permit shall be made available upon request to the Board or an authorized employee or agent of the Board during an inspection of the facility.
5. The operator shall maintain a copy of the approved Emergency Response Plan at the facility. At the time of permit issuance the operator shall forward a copy of the approved Emergency Response Plan to the local fire authority. The Emergency Response Plan shall be revised as necessary to reflect any changes in the operations of the waste tire facility or requirements of the local fire authority. The local fire authority and the Board shall be notified of any changes to the plan within 30 day of the revision.
6. All federal, state, and local permits or approvals referenced in this permit shall be maintained in force during the term of the permit. In the event any permit or approval is modified, is suspended or revoked, or expires during the term of the permit, the operator shall notify the Board within 30 days of the change and include copies of any renewed or modified permits or approvals.
7. The operator shall submit an updated Closure Plan (Part B), Form CIWMB 504 (10/92) as specified in Title 14 CCR, Chapter 6, Section 18442 of the Waste Tire Facility Regulations, at least 120 days prior to the anticipated closure of the site.
8. The operator shall file amendments to the Operation Plan whenever necessary to keep the information contained in it current.
9. This permit does not release the operator from their responsibility under any other existing laws, ordinances, regulations, or statutes of other government agencies.
10. The terms and conditions of this permit may change as a result of a revision of the statute or regulations.
11. The operator shall comply with Title 14 CCR, Division 7, Chapter 3, sections 17354(a)-(b), of the Waste Tire Facility Regulations regarding dimensions and spacing of stockpiles or with particular requirements the local fire authority determines to be necessary or adequate to meet the intent of the regulations.
